Kids love to dress up and use their imaginations acting out various careers including being a nurse or a doctor. What if a child could explore the exciting and inspiring world of medicine in a fun and age appropriate way? Little Medical School does just that! Using interactive demonstrations, crafts, and games, kids learn how the body and organs work, how to use instruments that real doctors use, how to provide first aid, and even tie knots like a real surgeon. Session 1 and 2 cover completely different curriculum. All equipment and program materials are included in the program fee.
